

Mini Crawlers

Used Mini Crawler Sacramento - We have designed various programs for Mobile Crane Operation at our Crane Training Schools. These programs are recommended for the skilled operator who requires certification or re-certification, and for inexperienced operator who is searching for a job in the industry. Crane operator positions are high because of their high pay. Operators of cranes are among the highest paid of whatever heavy machine operator. Our Crane Operator training provides instruction for different mobile cranes. Course content includes Wire Rope, Crane Set-up, Load Dynamics, Lift Planning, Rigging, Signaling and Load Charts. The program is most suitable for crane riggers, operators as well as their supervisors. The materials included in the course will include a guidebook and several informative handouts. The illustrated safety manual consists of 100 to 250 pages, which depends on the course, of helpful and essential material. Course materials consist of load charts and load chart exercises for the crane with which the individual training is working. Hands-On Safety Training will take up over half of the course curriculum. The practical training section is the most useful method to developing and improving personal skill levels. Just licensed journeyman crane instructors are selected to teach the courses. Our instructors possess numerous years of practice in the industry. For all the course we provide, we could include optional testing mechanisms to customize your training. A skills test is usually administered for programs that include H.O.S.T. Trainees will be graded and tested. We offer certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Testing & Certification.
